support of a Psychologist; someone who will listen
to you and give you essential information to help
you overcome the situation*

This service is free and confidential

*You may use this service if you are an outpatient
at our multi-specialist clinic, if you are
hospitalised or if you are visiting the emergency
room for any reason*

*Talk without fear to a Doctor or to a member of the
Nursing/Obstetrics staff. They will be able to give you
further information and, if necessary, help you to
arrange a “Psychological Listening” session*

*The Psychologist will give you essential
psychological support, together with sufficient
information on your rights, on the steps to take for your
personal safety, and on local social services*

*You need to be aware that you may still lodge a
